OBJECTIVES

To obtain a position as a lecturer will utilize my dedication to students' educational needs and development. To encourage creativity and higher-order thinking in a way that increases student performance. To build a long-term career in a position that offers opportunities for career growth, and to keep up with cutting-edge teaching technologies. To obtain a position in teaching will allow me to use my strong passion for student development coupled with skills and experience that will enable me to make a difference at university. Seeking a teaching position at university is to share my passion for the subject and enlighten young minds. To obtain a position where I can maximize my teaching experience, training abilities, and student developmental skills. To obtain a teaching position that utilizes advanced teaching methods, including team learning and e-learning.
